

Job Title: Professional Land Surveyor

Location: Des Moines, Iowa

Position Type: Full Time

LT Leon Associates is a growing civil engineering firm located in Des Moines, Iowa. We were established in 2009, with a focus on water resources and sustainability. We provide engineering, conservation, landscape architecture, and planning services to multiple market sectors and project areas throughout Iowa and the Midwest. At LT Leon we are *engineering an improved standard of living*.

Job Description:

LT Leon Associates is currently seeking to hire a full time **Professional Land Surveyor** to join our team of engineers and technical specialists. Projects may include: rivers/streams, wetlands, conservation, transportation (roads, trails, transit, aviation, and rail), pipelines, and facilities.

The successful candidate will contribute to the continued growth and success of the business. This position requires candidates to demonstrate clear communication skills and strong collaboration and coordination abilities.

Applicants must be self-motivated, be able to manage multiple projects, and have the ability to prioritize projects based on deadlines and importance.

Responsibilities may include, but are not limited to:

- Produce and deliver control, boundary, topography, ALTA, right of way, hydrographic, and construction surveying services.
- Search legal records, survey records, and land titles to obtain information about property boundaries.
- Calculate geographic positions from survey data, property lines and other characteristics of terrain.
- Prepare or supervise preparation of all data, charts, plots, map records, and documents relating to surveys.
- Perform construction staking and as-built surveys.
- Operate survey-related software.
- Develop and maintain relationship with clients.
- Lead and supervise the preparation of proposals, cost estimates, schedules, and invoices.
- Coordinate with office staff members, clients, and other key stakeholders.
- Assist, train, direct, and supervise field crew and office staff members in the performance of their duties as it relates to surveying.

- Calibrate, operate, troubleshoot, and maintain survey equipment.
- Calibrate, operate, troubleshoot, and maintain hydrographic survey equipment, including single-beam sonar, jonboat, canoe, and kayak.

Qualifications:

- Must have Professional Land Surveyor license or have the ability to be licensed within six months.
- A minimum of five years of survey experience.
- Must be proficient with Trimble robotic total station and GPS equipment.
- Knowledge of quality and health and safety standards.
- Strong communication skills.
- Strong organizational and analytical skills.
- Relevant computer skills preferred – AutoCAD Civil3D, Microstation/Geopak, and ArcGIS.

Perks:

- A competitive salary and benefits package is offered. Compensation is based on the applicant's experience and qualifications.
- A fun and casual, but professional, office environment.
- Ongoing professional development and training is offered.

LT Leon is an Equal Opportunity Employer. All qualified applicants will receive consideration for employment without regard to age, race, color, religion, sex, gender identity or expression, national origin, disability status, genetics, sexual orientation, protected veteran status, or any other characteristic protected by federal, state, or local laws.
